ALV-AU-2x1.5mm²-CU-LSZH

2 Core Audio Cable 2x1.5mm² Copper conductor

Physical Characteristics

Number of pairs	1
Conductor size	2×1.5 mm²
Insulation Thickness	0.7 mm
Nom. Overall Diameter	2.6×5.3 mm
Weight	5.7 kgs/100m
Operating Temperature (°C)	-20°C / +90 °C

Application

Intended for interconnection of speakers in audio devices, video and similar electronic equipment. It also works great for LED strips, monitor power supply and other low-voltage wiring jobs.

Electrical Characteristics at 20°C

Conductor size	2×1.5 mm²
Max. DC Resistance Conductor	13.3 Ω/km
Voltage	450/750 V
Minimum bending radius	5x cable diameter

Design

Conductor	Flexible bare Copper Wires
Insulation	Low Smoke Zero Halogen (LSZH) Core 1: Black Core 2: Red
Pair	Two parallel wires stick together
Standard Put Up Length	100 meters
