PFM790

HDCVI External Power Isolator

Features

- Power supply isolator, to solve the HDCVI image interference caused by power supply effectively;
- Apply to indoor or in junction box;
- Working temperature: -30~+60℃.

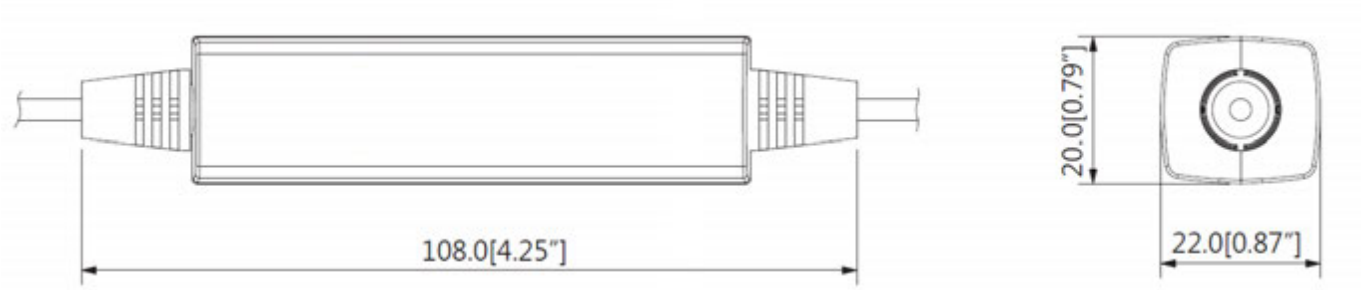

Technical Specifications

Model	PFM790
Properties	
Input	DC12V±20%
Output	DC12V±5%
Output Current	Max. 400mA
Physical Properties	
Dimension(LxWxH)	108mmx22mmx20mm (4.25"x0.87"x0.79")
Color	Black
N.W.	31.6g (0.07lb)
Patch Cord Length	50mm (1.97")
Environmental	
Working Temperature	-30~+60℃ (-22℉~+140℉)
Humidity	0~95%(non-condensing)

Order Information

Type	Part Number	Description
HDCVI Accessories	**PFM790**	**HDCVI external power isolator**
	PFM791	HD video isolator

Dimensions (mm/inch)

Package Information

- HDCVI external power isolator PFM790 *1
