integration into their sound projects. Its frameless, low-profile design ensures a modern and functional finish, while its liquid-painted aluminium construction provides excellent resistance to oxidation, guaranteeing durability even in challenging environments. It is compatible with SKY-6, SKY-6T, SKY-6-DOME and SKY-6T-DOME.

Resistance and functionality in a minimalist design

Robust material: Made of rust-resistant aluminium with liquid paint for long-lasting protection.
Versatile compatibility: Adapted for various models of the SKY series, making it a flexible option for different projects.
Easy to customise: The removable grille allows the logo to be removed and painted to suit any aesthetic.
Guaranteed protection: Complies with EN ISO 9227:2006, ensuring resistance to corrosive conditions.

Why choose the SKY-6N-GR ceiling speaker grille?

Discreet aesthetics: Its frameless, low-profile design blends perfectly into any environment.
High quality: Constructed from aluminium with black paint (RAL 9005) for durability and elegance.
Lightweight and practical: Weighing only 0.06 kg and measuring 249 mm in diameter by 5 mm high, it is ideal for quick and precise installations.

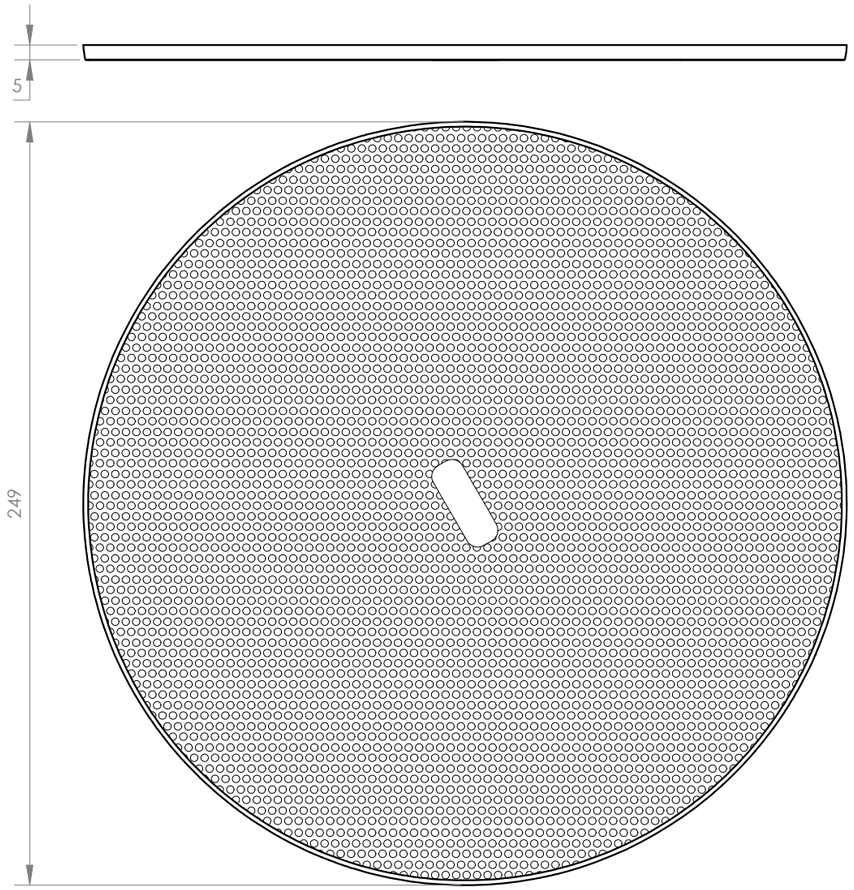

This grille is the ideal choice for installers looking for a robust, versatile and customisable solution, ensuring the best experience for every installation.
