ND7032

32 IPC Split Screen Decoder

ONVIF | 4K | Watch in Real Time | Plug& Play | Small& Convenient

Support ONVIF Protoco

Compatible with most brands IPC diversion codin

HIKVISION | dahua | uniview | Tiandy | XM | GEOVISION | ALHUA

4K HD Picture Quality

VGA1080P, HDMI4K output.

Watch in Real time

32 Channel Arbitrary IPC Split 5 Million HD Decoding

XMEye

PoE Power Transmission

PoE switches are used in conjunction with the PoE separator, directly supply power supply to the splitting decoder, no need to take electricity separately

GNT-69P01

Note: PoE separator only supports 4 core networking

Small & Convenient

Small structure, do not cover up; supporting Web, CMS, central platform management software MYEYE, providing SDK development
