JunctionBox (118×59)

Security IP camera mounting box

IP66

IN PROGRESS

Flexible camera installation

JunctionBox is a waterproof aluminum mounting box for the Ajax IP cameras’ cable management. It provides convenient installation of Ajax cameras on concrete walls, ceilings, or columns both outdoors and indoors. Every detail is thought out to the smallest point, so PRO users can be sure of the reliability and longevity of JunctionBox from Ajax.

Thoughtfulness in every detail

1. Waterproof cable gland

To protect the cable from damage during installation and operation and to prevent water from entering the mounting box.

2. Two-cable sealing ring

For waterproof connection of PoE cable or both Ethernet and power cables.

3. Grounding terminal

Grounding is carried out by a specialist in compliance with local electrical safety rules and regulations.

Easy installation and maintenance

Installation template to perfectly match holes

Reusable even after dismantling

Two options for cable gland installation: at the top or at the side

All fastenings are included — PRO does not need to take additional mounts to the facility

Compatibility

Compatible devices
BulletCam (5 Mp/2.8 mm)
BulletCam (5 Mp/4 mm)
BulletCam (8 Mp/2.8 mm)
BulletCam (8 Mp/4 mm)
