UL Brackets for 280KG LOCK 3

UL Mounting Bracket Set for Electromagnetic Lock

UL Brackets for 280KG LOCK 3 is a mounting bracket set designed for installation of a 280 kg electromagnetic lock. It provides a practical mounting solution for compatible door and frame arrangements where direct lock installation is not suitable.

Key Features

- UL-type mounting bracket set
- Designed for 280 kg electromagnetic locks
- Metal construction
- Two-piece mounting configuration
- Suitable for access control door installations
- Supports alternative electromagnetic lock positioning

Specifications

Item	Description
Product Name	UL Brackets for 280KG LOCK 3
Product Type	UL mounting bracket set
Lock Type	Electromagnetic lock
Lock Class	280 kg
Construction	Metal
Bracket Configuration	UL type
Mounting	Door / frame mounting
Application	Access control door installations

Application

Used as a mounting accessory for compatible 280 kg electromagnetic locks in access control systems. The bracket set helps adapt the lock installation to suitable door and frame configurations.
