ACC-PS-ZKTPM005B

Switching Power Supply for Controller

ACC-PS-ZKTPM005B is a compact switching power supply designed to provide 12V DC power for compatible access control controllers and related low-voltage equipment.

Key Features

- Switching power supply
- 100–240V AC input
- +12V DC output
- 5A output current
- Screw terminal connections
- Metal enclosure
- Suitable for access control controller power supply applications

Technical Specifications

Item	Specification
Product Code	ACC-PS-ZKTPM005B
Model	TPM 005B
Product Type	Switching power supply
Input	100–240V AC
Output Voltage	+12V DC
Output Current	5A
Connection	Screw terminals
Enclosure	Metal
Application	Power supply for access control controller

Application

Designed for supplying stable 12V DC power to compatible access control controllers and other suitable low-voltage security system equipment.
