ADAPTER 12V / 10A METALIK

Metal Enclosed AC/DC Power Supply

Product type	AC/DC Power Supply
Output voltage	12 V DC
Output current	10 A
Nominal output	120 W
Enclosure	Vented Metal

PRODUCT OVERVIEW

Metal-enclosed power supply designed to provide 12 V DC output at up to 10 A. The perforated metal enclosure supports passive ventilation, while screw terminals provide connections for AC input and DC output.

AVAILABLE PRODUCT INFORMATION

Parameter	Specification
Product name	ADAPTER 12V / 10A Metlik
Product type	Metal enclosed AC/DC power supply
Output voltage	12 V DC
Maximum output current	10 A
Nominal output power	120 W (12 V x 10 A)
Connections	Screw terminal block
Cooling	Ventilated metal enclosure
Application	12 V DC powered equipment

Note: AC input range, efficiency, protection ratings and exact dimensions are not specified in the supplied product reference.
