TR 50

TELETEK
POWER SUPPLY ACCESSORY

Transformer for Alarm Control Panels

- 50 VA transformer power rating
- 21 VAC secondary output
- 2.4 A rated output current

TR 50 is a Teletek mains transformer intended for the ECLIPSE 32 intruder alarm control panel. It provides the AC power required by the panel power-supply section.

The transformer is rated at 50 VA and provides a 21 VAC secondary output with a rated current of 2.4 A. It is designed for installation as part of the ECLIPSE 32 alarm control-panel assembly.

Features

- Transformer for Teletek alarm control panels
- Designed for ECLIPSE 32
- 50 VA rated transformer capacity
- 21 VAC secondary output
- 2.4 A rated output current
- Panel-integrated power supply component
- Teletek product code TT061

Technical Specifications

Model:	TR-50
Product type:	Mains transformer
Application:	Alarm control panel
Rated power:	50 VA
Secondary output:	21 VAC
Rated output current:	2.4 A
Compatible panel:	ECLIPSE 32
Product code:	TT061
